

Photon Energy Group is a group of companies with a shared mission: making clean energy, clean water and clean environments accessible to everyone.

Photon Energy provides comprehensive solutions that support the generation of clean energy and the integration of renewables into the electrical grid. **Photon Water** offers water treatment and management solutions, and **Photon Remediation** deploys advanced technology to remove contamination from all environments.

A publicly traded company operating in over 15 countries across two continents, we combine a global outlook with localised expertise.

Since our founding in 2008, we've expanded to a team of more than 400 employees around the world. And we're committed to fostering a culture of shared values and sense of purpose as we continue to grow.

Photovoltaic Construction Specialist

Ready to make a difference in the world of renewable energy? We are on the lookout for a **Photovoltaic Construction Specialist** to join our Solutions team.

If you have a knack for construction and a passion for green energy, send us your CV and let's build a sustainable future together.

Key Responsibilities

- ▶ Evaluating roofs and land for potential photovoltaic plant construction
- ▶ Coordinating with various departments to ensure smooth operations
- ▶ Taking over construction sites and handing them over to subcontractors
- ▶ Maintaining and checking the construction (assembly) diary
- ▶ Inspecting installation sites and recording connection site parameters
- ▶ Handling requests, measuring materials used, and ensuring quality control
- ▶ Drawing the actual state of areas designated for photovoltaic plant placement
- ▶ Designing and selecting optimal technical solutions for projects
- ▶ Creating optimal photovoltaic plant designs using Helioscope software
- ▶ Managing control, expedition, and retrieval of materials from our warehouse
- ▶ Performing other activities as instructed by department management

Qualifications and Experience

- ▶ Construction industry experience, knowledge of the building permit application process is a strong advantage
- ▶ High school qualification in construction
- ▶ Czech language fluent, English on communicative level (intermediate, B1)
- ▶ Knowledge of MS Windows/Office, Helioscope, PV Sol, AutoCAD
- ▶ Active driver, category B, and willingness to travel
- ▶ Team player, strong communication and organisational skills

Our Offer

- ▶ An interesting job at a fast-growing global organisation in the promising fields of renewable energy and clean water technology
- ▶ Remuneration according to experience and skills
- ▶ Opportunity for professional growth
- ▶ Personal and professional development courses
- ▶ 25 days of vacation, 3 sick days, 1 CSR day
- ▶ Contribution to meal vouchers and MultiSport card
- ▶ Participation in an Employee Share Purchase Program after the first year of employment (company shares paid to a personal brokerage account as a bonus to your monthly salary)
- ▶ Working tools: laptop and mobile phone

If you are interested in the position and fulfil the above requirements, please apply online or send your CV to careers@photonenergy.com.
